

Tiger Claw TC-P Cellular PVC Fastener

PRODUCT DESCRIPTIONS

300 Series Stainless steel fastener with black oxide coating to better hide fastener between boards.

PRODUCT REQUIREMENTS

TC-P Fasteners are designed to work with Cellular PVC deck boards. Be sure to use the correct fastener with your decking.

When using Tiger Claw fasteners, be sure to carefully read installation instructions to obtain optimum results. Failure to properly follow instructions may result in void of warranty.

Inspect decking material prior to installation. Omit any planks that contain hooks, twists, splits, cracks, or other defects.

Be sure to follow decking manufacturer's recommendations for board spacing.

PRODUCT FEATURES & COMPATIBILITY

TC-P fasteners are constructed of .060 304 ¼ roll hardened stainless steel.

Designed specifically for cellular PVC decking material. TC-P will work in the following decking lumber varieties:

- Pro Cell
- Veka
- EPS Plastic Lumber

IMPORTANT NOTE: TC-P should NOT be used with composite decking.

Please consult your lumber professional or ask us for recommendations first if you plan to use any other type of decking for your project.
